ENTERPRISE
ISLE OF MAN 

Great ideas start with you.

The following support schemes are available to entrepreneurs who may not have set up their business yet, or existing businesses within their first 18 months of trading.

Micro Business Grant Scheme

The Micro Business Grant Scheme has been designed for those with a great business idea looking for support to get started and take their first steps into self-employment, or start-up businesses within their first 18 months of trading.

The Micro Business Grant Scheme can offer:

- A two-part, flexible training course with schedules to suit your individual needs.
- 18 month business mentoring support with a local business advisor.
- Discretionary financial support up to £6,000 in the form of a grant and/or living allowance.

Terms and conditions apply.

Find out more at: www.dfe.im/mbgs

Business Improvement Scheme

The Business Improvement Scheme can offer funding of 50% up to £5,000 for businesses looking to complete a consultancy based business improvement project.

Support is available for many disciplines, including (but not limited to); transactional websites, environmental efficiency, ICT, legislation and quality accreditations - including the Investors in People accreditation.

This Scheme supports businesses within their first 18 months of trading, as well as more established businesses with one or more members of staff other than the owners.

Terms and conditions apply.

Would you recommend the Micro Business Grant Scheme to other enterprises?

"Yes, definitely! Don't be put off with the form filling or the commitment to attending workshops or mentor meetings. Assistance is readily available from the Enterprise team or your mentor and the workshops give you lots of relevant information about setting up and running your business."

- Shaun Fox, owner of Foxy's Garage

From small ideas, great things grow.

The following support schemes are available for businesses who want to grow their workforce in the Isle of Man.

Graduate Role Incentive

The Graduate Role Incentive has been designed to encourage the provision of graduate-level opportunities available for those returning to the Isle of Man.

The Incentive offers eligible businesses 20% of the first year salary up to £6,000 and an employer National Insurance rebate for each graduate hired through supported roles.

Eligible employees must be individuals who have graduated from university/a higher education institution within the past two years.

Terms and conditions apply.

Find out more at: www.dfe.im/fas

Employee Relocation Incentive

The Employee Relocation Incentive is available for businesses with more than one member of staff who are expanding their workforce.

The Incentive can provide grant support of up to £10,000 towards the cost of relocating an employee to the Isle of Man.

The Incentive can support both new and existing roles within the organisation with a salary of £25,000 or over, and is paid one year in arrears.

Terms and conditions apply.

Drive your business forward.

The following support schemes are available for businesses who want to improve, expand or relocate their business.

Accessibility Grant

The Accessibility Grant (Appendix 11 of the Financial Assistance Scheme) offers financial support to businesses wishing to make adjustments in line with the Equality Act 2017.

The Grant provides financial support of 50% up to £7,500 towards adjustments which make commercial premises more accessible, including (but not limited to); modifications to premises, plant and machinery costs, website modifications and other reasonable adjustments.

Terms and conditions apply.

Find out more at: www.dfe.im/fas

Financial Assistance Scheme

The Financial Assistance Scheme provides support for start-up businesses, businesses looking to expand and those businesses who are relocating to the Isle of Man.

Levels of grant support available vary per sector, and upon the jobs created, with up to 40% support available towards (but not limited to) the following: building, plant & machinery, marketing activity, energy efficiency, training and employee relocation.

The Financial Assistance Scheme comprises a number of appendices which provide additional support to businesses operating in specific sectors.

Terms and conditions apply.

The following support schemes are available for businesses who would like to make improvements to their business premises.

Business Energy Saving Scheme

The Business Energy Saving Scheme can offer 100% interest-free unsecured loans up to £20,000, repayable over five years, to all types of businesses seeking to make their operations more energy efficient and lower their energy costs.

Businesses operating in all sectors are able to apply, and a wide range of energy efficiency projects are eligible for support.

Projects supported could include (but are not limited to); lighting, heating, insulation upgrades, solar heating systems (including solar panelling), wind turbines and electric vehicle charging points.

Terms and conditions apply.

Town & Village Regeneration Scheme

The Town & Village Regeneration Scheme can provide financial assistance to improve the appearance of commercial premises and create civic amenity projects within the Island's towns and villages.

Support is available for many physical external improvement projects, including (but not limited to); access, signage, lighting and painting & rendering.

Local businesses can apply for a grant of 50% up to £25,000, and local authorities can apply for a grant of 80% per project capped at £25,000.

Terms and conditions apply.

Testimonials.

Hear from some local business owners who have received support through the Department for Enterprise.

Isle of Cider

"The Micro Business Grant Scheme has helped me so much. I will be eternally grateful. From the initial classroom support to get the basics right and meeting fellow entrepreneurs, to having the best business coach and mentor I could have dreamt of. "

- Philip Jolley, Owner

Rex Motor Company

"I wanted to improve upon our current website, with a real focus on video and moving images. I knew such a project would be expensive, so I got help through the Business Improvement Scheme and obtained a grant to help with a portion of the cost of the new site."

- Ian Drake, Owner

Memory Lane Games

"The support will help part fund a clinical study which will be run through Hospice IOM. This is world class, ground-breaking work and has been made possible by our Financial Assistance Scheme grant. Thanks DfE!"

- Peter Quayle, Co-Founder
