Introduction and Background

The aim of the Town and Village Regeneration Scheme 2019 (“the Scheme”) is to provide financial assistance to commercial premises and civic amenity projects within the designated town planning zones, with the aim of improving the appearance and enjoyment of the areas and encouraging footfall.

In February 2019 the Isle of Man Treasury budget approved funding of £250,000 per annum for a four year period for the Scheme, commencing December 1st 2019 as such this scheme is scheduled to be available until 31st March 2023.

The Scheme was further amended in October 2020 to increase the amount of support available in order to stimulate economic activity on the Island. The changes in this version 2 of the guidelines are effective until 31st October 2021. The Department have the right to remove the amended Guidance for the Scheme at any time.

The Scheme enables the Department to consider applications by a range of bodies such as companies, sole traders, not-for-profit organisations, local authorities and charities etc.
